The Puyallup Fair Results

(ed. note: Marilyn sent a message to Paula to let her know the results of the Puyallup Fair Leathercraft judging results.)

Paula,
I looked in the cases with the leather and was delighted to see all of your four entries--you see, I am dragging this information out a bit just to keep you on the edge a little longer. Let's see, 4 entries--four blue ribbons---oh my--what is this--one entry also has a Best in Category ribbon with it--and still has another ribbon also--**WOW it is the Purple Rosette, Best in Division!** Congrats! Good job, See you soon!
Marilyn

Sad News from the Leather Factory in Spokane

It is with great sadness that I pass along the news that Kevin White the manager of the Spokane Leather Factory store passed away last night, September 28th, 2004.

Leather Craft Magazine Binders

I started to collect (read obsession) leather magazines with the first issue of the LC&SJ. When I used to live in Mountlake Terrace, I used to go to my local Tandy store in North Seattle every week waiting for the next LC&SJ to arrive, but I was out of town one month and I missed one. Luckily the Burien Tandy store still had a copy, so from that moment on I subscribed to the LC&SJ.

Then I met Bill Churchill and we talked about some projects in some older magazines that he had acquired. Those magazines were: The Craftsman, Leather Craftsman, and Make It with Leather. Bill proudly showed me some of his article that was included in those old magazines.

Bill began to offer some of those magazines for sale at various PSLAC meetings and I purchased a few and filed them away. Finally, after Bill's death, his family offered many of the leather magazines for sale at our annual PSLAC Bar-B-Que, where I obtained even older magazines. All was fine until I discovered eBay while here in England. Searching eBay for the key words: leather, magazine, and leathercraft lead me to many people selling magazines one at a time or in groups as large as ten or twenty. Since the cost of mailing packages over seas is so expensive, I had the seller ship the magazines to my daughter in the States. I tried to keep track of the magazines and which issues I was purchasing and which I had acquired over the years, but my records were less than complete, so I wasn't sure if I had obtained a complete set.

Then, I ran across a four volume set, covering 16 years, of all The Craftsman and the Leather Craftsman magazines. Those magazines were in three ring binders that were covered with carved leather. My bid was not successful and felt that I had missed out on a unique item.

I thought nothing more of it and after a while I received an email asking if I was still interested in the items. Perhaps the person who out bid me failed to make the transaction.

They were being offered to me for 200 dollars. I couldn't write the check fast enough, but sadly, most of my eBay transactions are sent to my daughter to save on shipping charges to England so it had to wait several

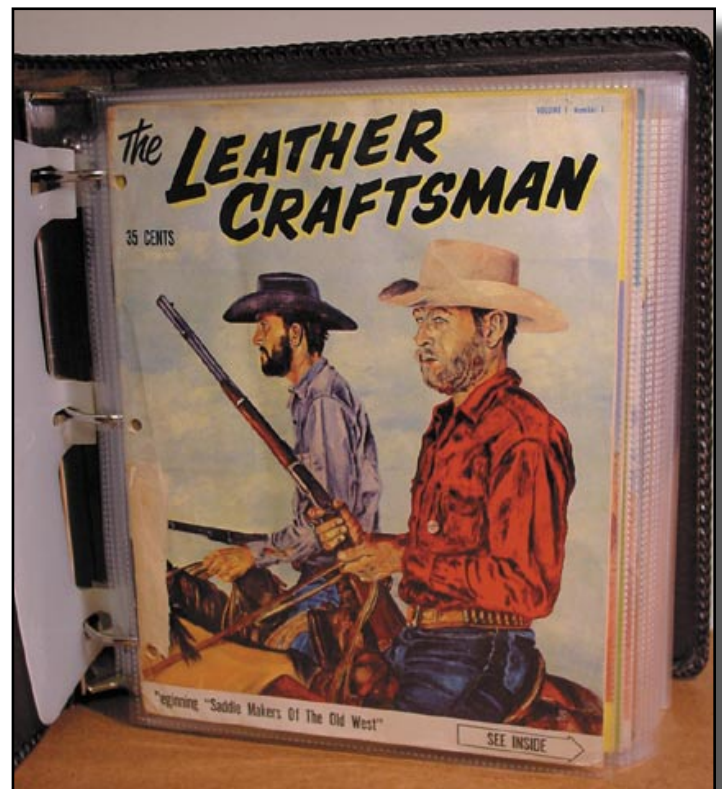

months before I could even see them.

Finally in August, our vacation back home united me with my many eBay purchases, including the four leather bound magazines. They had some minor sun fading and a little wear and tear, but beautiful to behold. As a side note, I also have been purchasing single magazines on eBay, and found that I had acquired a lot more than I thought!

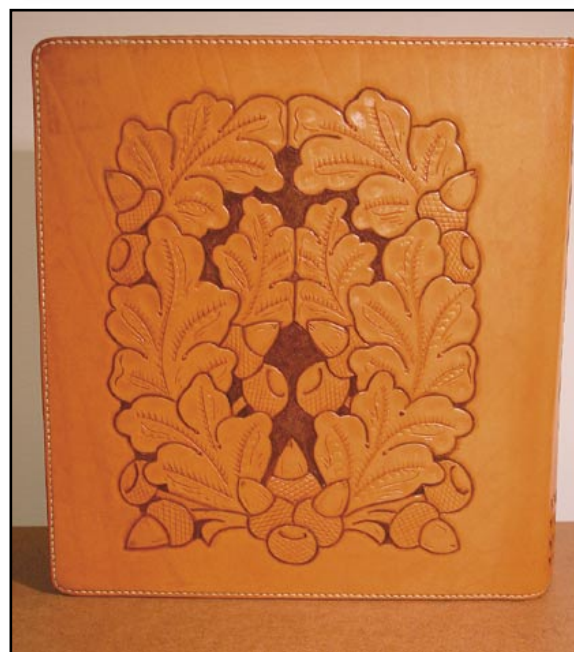

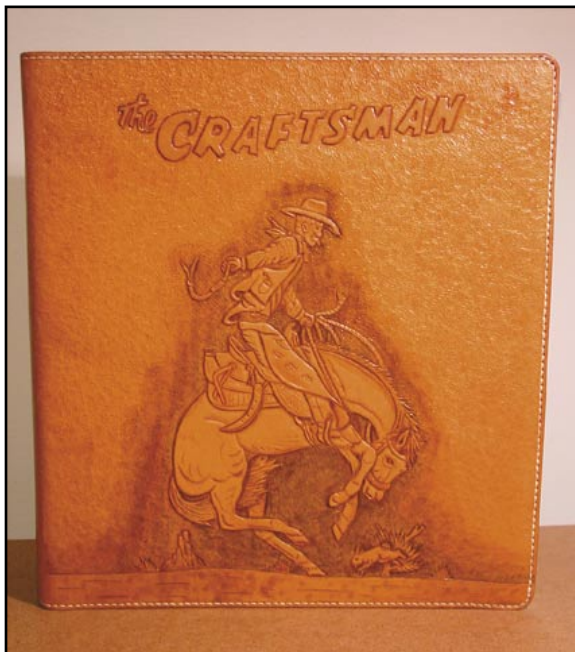

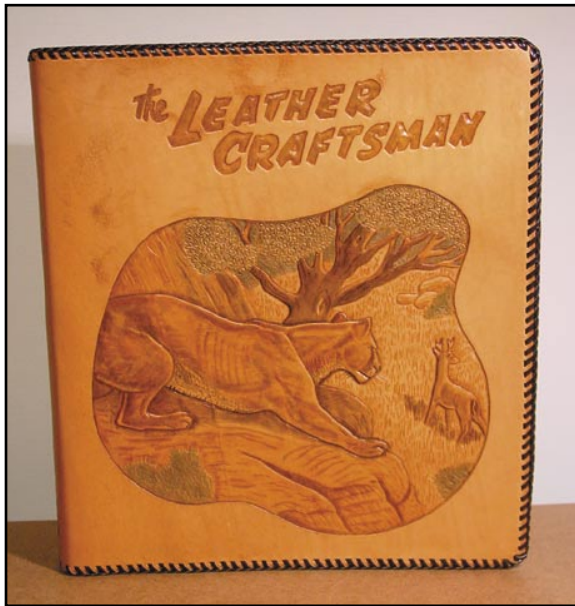

The four binders were packed in the suit cases and the single magazines were surface shipped to England at a cost of 124 dollars.

Now it is up to me to design and build some appropriate binders for the rest of the collection. Any suggestions?

Here are some pictures of those four binders.

October Meeting Demonstration

We'll be doing a Pattern Layout Demonstration before the October meeting, from 12:00 to 2:00, Sunday, Oct. 10th. I'll bring a large roll of heavier weight mylar, good for leather cutting patterns and some examples of lighter weight mylar, better for tracing designs onto leather. I'll bring my collection of patterns I've made over the years. You'll need to just bring a pencil with a medium to fine point, an erasure, a pair of scissors and a 12 to 18 inch ruler. I've found a particular style ruler, from the C-Thru Ruler Co. that has worked well for me - having it see-through and the lines running all the way across make it easier to line up (see picture and description below). I've found these at Michael's and at various art supply companies. I'll have a handful for people to use and/or buy, at the demonstration and will show you why I like this style. I'd like to have people try laying out a simple bag/purse pattern and one for a knife, and anything else you might like to try, if we have time (such as a pattern for a fitted leather cell phone case?).

2" x 12" 8ths Graph Beveled Ruler 15oz/doz . 2" x 12". Transparent, handy 8ths graph ruler calibrated in 16ths to the inch and beveled to accommodate work with ink. Zero centering scale. Laminated for durability.

New 3-D Celtic Font from Clanbadge

<http://www.clanbadge.com/rhg.htm>

Greetings! This is a special discount page just for subscribers to the RawHide Gazette! It is the same as our normal order page, except that all of the prices are discounted by 10%!

NEW 3-D STYLE!

In addition to our original Outline Style, Filled Style and Inverse Style, we now have a new 3-D Style Font to add to your Celtic knotwork tool boxes.

It's as easy to use as any of the previous 3 styles, however it produces a realistic carved look WITHOUT THE USE OF ANY SPECIAL EFFECTS OR PHOTOSHOP TRICKS! The shading is created with a series of gradually thickening lines so that even at HUGE sizes it looks GREAT!

It is precisely created to work with all of the other styles or it can be used alone giving a striking raised look even in simple word processor documents.

All four styles work together seamlessly. They have been carefully laid out with the same character mapping so that if you cre-

ate a knotwork pattern with any of the four styles you can change the font to any of the other styles to remake your knotwork in that style!

We also offer two Pattern Packs which have over 100 ready-made designs each, which you can use royalty-free for your leatherwork or other purposes, even on items for sale! The designs are fully scalable and editable with any Style of the Font.

For making leatherwork patterns, we suggest the Outline or Filled Style and the two Pattern Packs.

For a limited time we will be offering all 4 styles in a discount package, which includes 270 ready-made royalty free designs! (Both Pattern Packs included FREE!)

The new 3-D style! It will really bring your knotwork alive. The depth, texture and 3-dimensionality are amazing at any size. You will be able to convert any of your knots designed in another style with a couple clicks of your mouse, and we guarantee you will be thrilled when you see them in "3-D"!

Over 100 new ready to use designs for your projects, each one fully editable with the Celtic Knot Font! This time we have included many designs that feature hearts! Perfect for those romantic projects like invitations

to weddings or bridal showers, Valentines, cards, and love letters! But there are also lots of borders, medallions, and other decorative designs. Every one can be resized and modified to create thousands of variations that can be used for any craft! Each design can be used royalty-free with any of the styles of the Font. (You must have the Celtic Knot Font to view and edit the designs.)

The pictures are from the regular meeting this month. Some of the Show-and-Tell items are award winners from the Evergreen Fair in Monroe.

Meeting Notes

Puget Sound Leather Artisans Co-Op held the September 12th meeting at the Issaquah Senior Center. Thirteen members, two guests present.

A number of items were brought for sharing including **Len Madison** and **Ken Imus** award winnings from the **2004 Evergreen State Fair** in Monroe, WA.

MARQUIS UNIQUE LEATHER ARTISTRY, LLC

Paula and George Marquis

I make almost anything that can be made from leather and can be sewn by hand. I do not like sewing machines and cannot get along with them. Therefore, that excludes making clothing, which entails using very soft leather.

A lot of my works are 'bespoke items', meaning, one of, individual custom requests, ranging anywhere from books and folders to rifle scabbards, holsters and golf bags, fully carved and stamped, and any and all articles in between, which also includes saddles and harness.

I like to make articles that are practical, such as all kinds of bags (including brief cases, bible covers, etc.), belts with a challenge, mouse pads, tissue box holders, knife and sword sheaths, 11th Century bottles (sealed so they can be used as wine carafes), to various types of boxes (both useful and decorative) and other artistic decorations including such things as moulded bowls and vases as well as framed pictures.

SPOTLIGHT on PRO-CARV — Working and Tooling Leather Formulation

DIRECTIONS:

Dilute concentrate with water: 1 part PRO-CARV to 10 parts water is recommended for carving and tooling. When immersing the leather for shaping or forming, add 8 oz. PRO-CARV to 3 gallons of water.

NO CASING IS NECESSARY

Leather can be immersed or sponged with this solution. PRO-CARV eliminates the need to case leather. PRO-CARV allows you to begin working with the leather after immersing for 3-5 minutes because of the very rapid penetration into even the thickest hide. Allow the surface to dry somewhat before beginning forming or carving.

From Everett: South on I-5 to 405 South, or to I-90, going east:

From I-90 get off on exit 17/Front St., and bear right onto Front Street. At the third stoplight, turn left onto E Sunset Way, then see below:

Taking Hwy 18 from around Auburn to Issaquah

Get on Hwy 18 going East, from Auburn, it's about 12 miles to Maple Valley, then at about 2 ½ miles after Maple Valley, look for the turn off to Issaquah Hobart Rd SE, turn onto ramp 276th Ave SE and go 0.6 miles, bear left onto Issaquah Hobart Rd SE. It's about 8 ½ miles from there to Issaquah. Hobart becomes Front Street S, which takes you into downtown Issaquah. Turn right onto E Sunset Way, then see below:

After turning onto E Sunset Way:

go two blocks (past the Police and Fire Stations), turn left onto 2nd Ave SE, go past the old Senior Center building on your left, and a baseball field, then left onto NE Creekway, go almost to the railroad tracks. The new Issaquah Valley Senior Center is a brick building on your left, parking in front of it. There is also parking behind, from Sunset, turn left into the parking area, right before the Police Station (look for a large parking sign on your left), and follow it till you see a kids play ground. Address: 75 NE Creekway, Issaquah, WA 98027
